

**Purpose:**

To provide product information for the optional L5 top and bottom Shipyard hooks.

**Description:**

The Shipyard hook is a special hook with a heavier design for use in the metal and ship building industries. They are designed to aid in the effective positioning of fixtures and steel plate before welding. The Shipyard Hook is available in Top and Bottom versions and in two sizes: 1½ and 3 Tons. Hook latches and hook yokes are included with all Shipyard hooks.

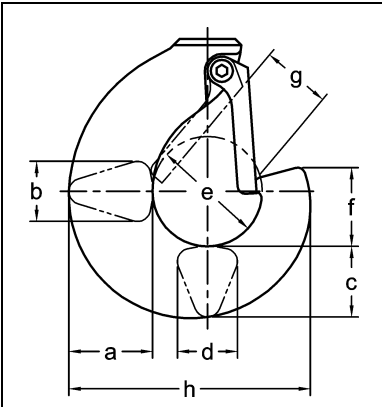

**Product Notes:**

- Shipyard hooks are equipped with a heavy-duty latch and latch spring. The latch attachment point is recessed into the hook neck for clearance and durability.
- Shipyard hooks are not available without a latch.
- The headroom values for LB hoists with Shipyard hook are the same as hoists with standard hooks.
- Yokes, chain pins and all related hardware are the same as the standard hooks.
- Refer to L5 Owner's Manual for parts listing.

**Part numbers:**

Capacity (Ton)	Name	Part Number
1 ½	Top Shipyard Hook Assembly	L5BZ0151001
	Bottom Shipyard Hook Assembly	L5BZ0151021
3	Top Shipyard Hook Assembly	L5BZ0301001
	Bottom Shipyard Hook Assembly	L5BZ0301021

**Dimensions:**

	Top and Bottom Shipyard Hook Dimension								
	Capacity (Tons)	a (in)	b (in)	c (in)	d (in)	e (in)	f (in)	g (in)	h (in)
	1½	1.3	0.9	1.1	0.9	0.8	1.2	1.0	3.6
3	1.7	1.1	1.4	1.1	1.1	1.5	1.3	4.7
