

PURPOSE

To provide revision information of Harrington documents and labels used in the finishing of CF, LB, CX, and LX product.

SCOPE

Harrington-controlled documents and labels used in the finishing of CF, LB, CX, and LX product.

INFORMATION

The table below lists the current and previous revision level for the involved documents and labels. Note that revision level is indicated by date only for some items like the RWSI, and by a Revision Number for some other items like HH100. Also, for convenience, ✖ indicates the document was updated.

DOCUMENT	CURRENT REVISION	PREVIOUS REVISION
